### Abstract

We are delighted to announce 5th International Conference on Earth Science & Climate Change with the theme “Sustainable Development in Earth Sciences and Abrupt Climate Change” which has been scheduled during October 18-19, 2021, in Paris, France that covers wide range of critically important sessions. Earth Science Conference is diagram to bring collectively all leading earth scientists, geologists, climate change researchers and studies pupils to trade and percentage their studies and research results on all aspects of Earth technology and weather exchange. It additionally gives a gold standard interdisciplinary platform for researchers, practitioners, and educators to give and discuss the most recent innovations, tendencies, and worries in addition to sensible challenges encountered and answers followed in the fields of earth technological know-how and Climate Change.

Earth Science 2021 congress is the platform to learn and proportion the thoughts all over the world. The conference not only gives you the opportunity to fulfil your business idol, scientist, and different renowned personality but also your chances are greatly improved when you're sharing the same area. Earth Science Event may also help to overcome natural calamities with lots of tactic on direction and flow of technology for the country and the arena in subsequent decade.

Earth Science 2021 and upcoming conferences will recognize participants who have significantly added value to the scientific community of earth science and provide them outstanding Young Scientist Awards. The Young Scientist Award will provide a strong professional development opportunity for young researches by meeting experts to exchange and share their experiences at our international conferences.

Earth Science 2021 focuses mainly on Earth Science, Ecosystem Ecology, Environmental Designing, Pollution and Climate Change, Earth, Ecology and Ecosystems. Earth Science Congress is providing a platform for all the budding young researchers, young investigators, post-graduate/Master students, Ph.D. students, and trainees to showcase their research and innovation.

### Eligibility:

Young Scientists, faculty members, post-doctoral fellows, PhD scholars and bright Final Year MSc and M.Phil. candidates. Persons from Scientific Industry can also participate.
