

Invitation to Submit Articles to the Regular Upcoming Issue of Physical Chemistry: An Indian Journal

Evelyn Miller*

Editorial Office, Hampshire, UK

***Corresponding author:** Evelyn Miller, Editorial Office, Department of Chemistry, 57 Ullswater Avenue West End Southampton Hampshire, UK, E-Mail: physicalchem@tradescience.org

Received: February 28, 2021; **Accepted:** March 22, 2021; **Published:** March 28, 2021

Announcement

Greetings from the editorial team!

Physical Chemistry: An Indian Journal is an open access journal that follow rapid peer-review process and publishes research articles, review articles, short communication, rapid communication, letter to the editor, case reports, etc. describing frontier research areas in physical chemistry. Internationally renowned scientists describe their own research in the wider context of the field. These journal publishes recent developments in physical chemistry, chemical physics and theoretical chemistry.

Physical Chemistry: An Indian Journal, is Indexed in Directory of Research Journals, CAS, Scholar Article Impact Factor and Google Scholar, Secret Search Engine Labs, COSMOS (Impact factor: 0.35), CNKI, Open J-Gate and several other search engines.

The main aim of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of physical chemistry.

- The journal has a broad scope which includes spectroscopy, dynamics, kinetics, statistical mechanics, thermodynamics, electrochemistry, catalysis, surface science, quantum mechanics, theoretical developments, bio-physical chemistry, chemical kinetics, colloid chemistry, micrometrics, photochemistry, quantum chemistry, solid state chemistry, surface chemistry, surface structural chemistry and x-ray crystallography.
- For quality in peer-review process the Journal is using the Editorial Management System. It is an online manuscript Submission, Review and Tracking system. The Editorial Board Members of the Journal performs the review processing. Authors may submit manuscripts and track their progress through the system.
- The articles will be managed electronically, examined by a scientific committee and anonymous evaluators and published every month in HTML and PDF formats.
- We have selective Previous scientists who have made their contributions to the scientific community.

We are going to release our next Issue and papers will be selected after peer review by members of the Editorial Committee of the Section and the reviewers.

It will be a great honor for us and an excellent juncture for you to share your newest scientific work in the field of

Citation: Miller E. Invitation to Submit Articles to the Regular Upcoming Issue of Physical Chemistry: An Indian Journal. *Phys Chem Ind J.* 2021;16(2):140.

spectroscopy, dynamics, kinetics, statistical mechanics, thermodynamics, electrochemistry, catalysis, surface science, quantum mechanics, theoretical developments, etc.

Your contribution to the research in physical chemistry and its allied fields is well appreciated. We encourage you to submit your manuscript to our journal for the upcoming issue **Volume 16 Issue 3**. We would be glad to receive research articles/review papers/short communication/perspective/opinion/case reports/case proceedings, etc.

You can submit your manuscript online or as an email attachment before 20th April 2021.

Submit manuscript at:-

Submissions can be sent as an email attachment to: physicalchem@tradwscience.org or via Editorial Tracking System at: <https://www.scholarscentral.org/submissions/physical-chemistry-an-indian-journal.html>

Note: We are providing a special discount on Article Processing Charges by the end of this month.

Let us know if you have any concerns regarding submission or journal. Looking forward to hearing from you

Regards,

Evelyn Miller
